

ND60-R1-SS(RRR)

NSF standard 7 listed for open food storage

Project: _____	AIA# _____
Item #: _____ Qty: _____	SIS# _____
Model #: _____	

Narrow Door Coolers Two, Three and Four Door Remote*

Standard Features

- Remote unit
- All stainless steel interior construction with radius corners for easy cleaning
- Foamed-in-place CFC free insulation
- Galvanized steel sub-top
- Black vinyl-clad steel door and exterior sides
- Stainless steel evaporator housing with separate removable evaporator drain pan
- Stainless steel die cast handle
- Leg sockets recessed into base
- 1/2" thick ABS plastic threshold scuff plate
- 180° swinging doors

Specifications

Electrical

- 120V, 1 phase, 60 Hz
- Dedicated 15 amp circuit is required
- 14 gauge wire connection is made inside the cooler next to evaporator housing - interior access is through one of the 3/4" side knock-out holes (electrician's choice)

Refrigeration

- R134a or R404a expansion valve & temperature control included. Specify type required when ordering.
- Recommended condensing unit:
ND40 - 1/4 HP which has an approximate rating of 2,200 BTU/H at +20°F evaporator temperature
ND60 and ND80 - 1/3 HP which has an approximate rating of 3,064 BTU/H at +20°F evaporator temperature
- All refrigeration hookups are made at the installation site

Plumbing

- A six foot length of 1/2" ID by 5/8" OD plastic tubing is provided to drain condensate. The tubing should exit through one of the 3/4" side knock-out holes (installer's choice). The maximum drainage is one ounce per hour - consult local codes for compliance - a floor drain may be required

Shelving

- Two adjustable coated shelves and one bottom coated rack per door included

Legs

- 1-5/8" diameter
- Stainless steel bullet feet

Materials

- 22 gauge stainless steel parts include: interior floor, walls, ceiling, front of cabinet, and evaporator housing
- 22 gauge black vinyl-clad parts include: sides and standard doors
- 22 gauge galvanized steel parts include: exterior sub-top and back
- 16 gauge stainless steel parts include: legs
- 16 gauge galvanized steel parts include: base
- 16 gauge zinc plated CR steel parts include: leg sockets
- 12 gauge stainless steel parts include: hinges, hinge brackets, and lock brackets

* NOTE: These units are manufactured to order. Consult the factory for pricing information
